## Target

During PE this year, year four have developed our Running, Jumping, Throwing and Catching Skills, by holding specific skills lessons throughout the year.

We have also taken part in Football, Hockey, Netball, Gymnastics, Dance, Tennis, Cricket, Athletics.

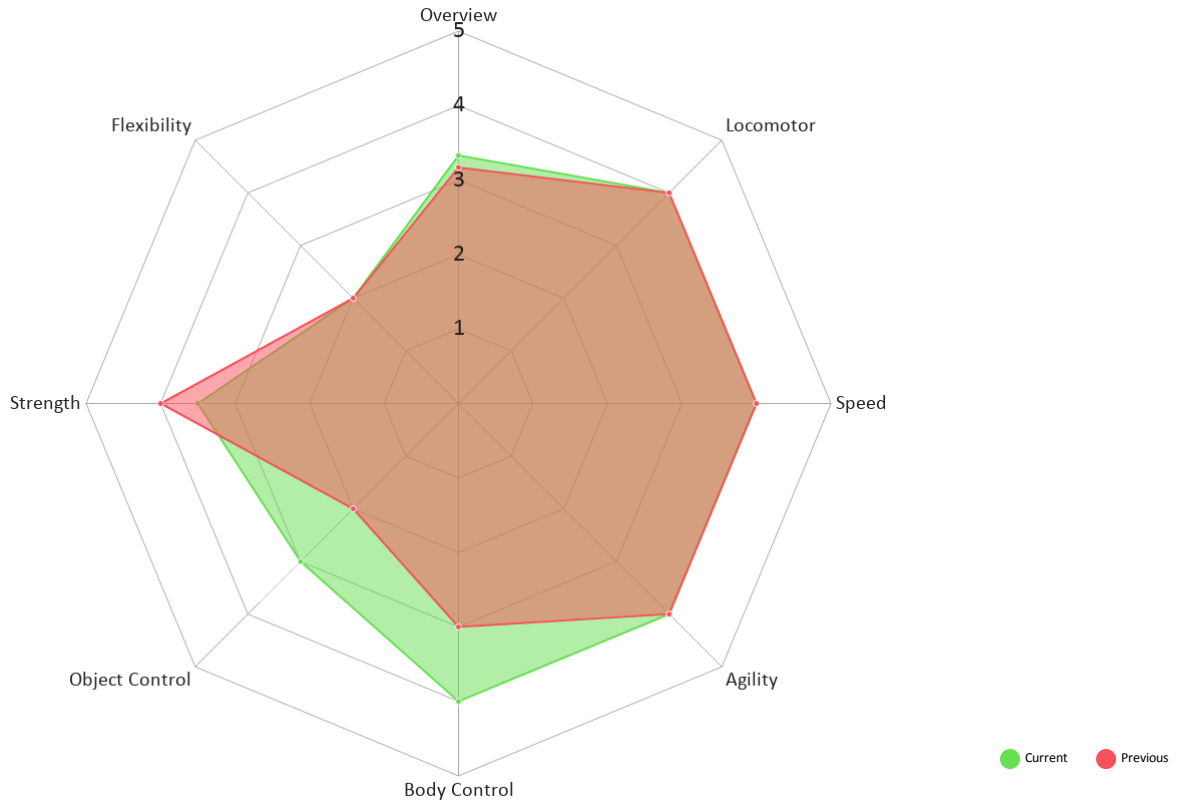

All children have had the opportunity to lead parts of lessons, by taking warm ups and leading teams whilst playing in intra school competitions.

Alison has performed well during PE this year. She has excelled during Athletics, as you can see from her assessments, she is running quickly, displays good strength and body control.

Alison would benefit from some extra throwing and catching practice, this maybe something she can practice at home, using the home activities on her Amaven Portal.

She has performed well in most sports and seems to have really enjoyed playing hockey for the first time.
